## AK187 REAL COLORS OF WWII

46.95€

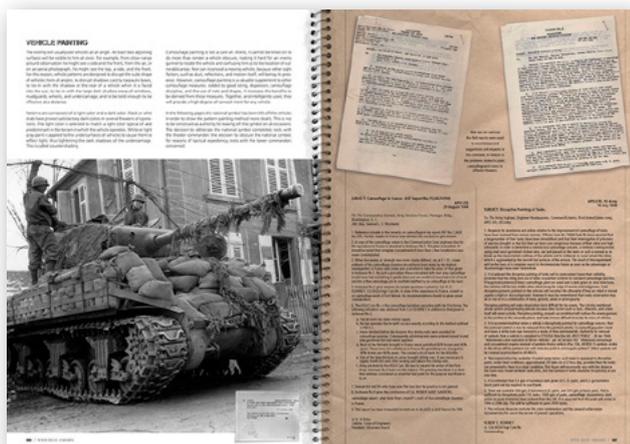

English, Spanish. 208 pages.

A limited edition and accurately printed book devoted to the original colors of vehicles used during WWII, authored by Jürgen Kiroff, Przemyslaw Skulski, Mike Starmer & Steven Zaloga, with the contribution of other recognized experts on the subject.

A real travel through the research conducted in official, private and industry archives. The book reveals the development and use of colors on the German, Soviet, US and British army vehicles during WWII. 200 pages full of text, black & white and color archive photographs, profiles, color chips, photos of preserved vehicle parts and equipment, documents, general camouflage rules, etc.

A must-have for modellers who want to know more about the real thing, and THE definitive guide on the WWII AFV colors. It includes a exact color chart with all the colors for easy handling.

**FORGET THE CLOGGING:  
AK REAL COLORS  
FLOWS SMOOOOOTHLY  
IN YOUR AIRBRUSH.**

Spraying is now a real pleasure and thanks to our new chemical formula, even if you damp the surface too much, the paint stretches and dries with a nice matt finish.

**FOR DILUTION,  
OUR REAL COLOR THINNER  
WORKS REALLY GREAT...  
BUT OTHERS TOO.**

Can be diluted with our own specific thinner or the ones from other brands and types: acrylic lacquer (non-vinyl), lacquer thinner, alcohol, water...

**HOLDS FIRMLY  
ALL KIND  
OF WEATHERING  
AND EXTRA EFFECTS.**

Paint adheres and dries perfectly with a soft matt finish, so you can throw on it all the treatments, punishment and weathering you love to make.

**HIGHLY COMPATIBLE  
WITH OTHER  
ACRYLIC LACQUER  
BRANDS.**

If lost in a forgotten island, you can easily mix Real Colors with the stock of paints from other brands you may have ;)

## REAL COLORS COLORS SETS

Our REAL COLORS are not only available in separate bottles. We have also prepared a bunch of paint sets that cover the most popular color combinations used for painting vehicles by the most important armies, from WWII until today. Their contents were carefully selected by our experts to satisfy your basic modelling needs.
